

## PART-B CHAPTER-I

### CHALLENGES OF NATION BUILDING

The lesson deals about the emergence of new India after independence.

- Nehru's approach to Nation building.
- Legacy of Partition.
- Integration of the Princely states.
- Organization and re-organization of states.
- Political conflicts over languages.

On the eve of independence, political consolidation and nation building appeared to be a gigantic problem before India. The large scale communal violence and influx of millions of refugees post-partition brought with them colossal problems. Problems of re-organization of states and conflicts over linguistic identity post challenges to national integration.
